SET & COSTUME DESIGNER

For the past 13 years I have been working as a Set and Costume Designer primarily for the theatre industry. My work has been seen in theatres across Canada, and on tv shows and music videos in North America. I was recently given the opportunity to study Interaction Design at Emily Carr University of Art + Design. This program expanded my understanding of design fundamentals, interface design, and user interactions. This has allowed me to bring my mastery of hands on production design, and meld it with user experience and digital design practices.

Recent Credits include: The Handmaids Tale (Banff Centre Opera, Head of Wardrobe and Costume Design), Die Walkure (Edmonton Opera), Dance Nation (Search Party). Heist (Grand/Citadel), The Sound of Music (MTC/Citadel/Grand), A Streetcar Named Desire (Citadel), Julius Caesar (Bard on the Beach).
